

Easter Egg

I've heard there's an Pirate-themed Easter Egg - how do I find it?

Spoiler alert!

Select 'About Photoshop Lightroom' under the Help menu (Windows) / Lightroom menu (Mac) to view the standard splash screen.

Press R to switch to the Easter Egg Pirate splash screen (as in "Arr me hearties!"), and try combinations of Ctrl-Alt-R (Windows) / Cmd-Opt-R (Mac) and Ctrl-Shift-R (Windows) / Cmd-Shift-R (Mac) for other variations.

No, I'm not going to spoil it for you!!!! 😊

You'll notice that some of the icons and dialog boxes also switch to 'pirate mode' when the clouds are showing - just go back to the splash screen and repeat the key combinations when you wish to return to normal.
