The Top 10 Gotchas	59
Remember Lightroom's Rule Number 5	60

Import **61**

SHOOTING RAW, SRAW OR JPEG **61**

Can I use Lightroom on JPEG files as well as raw files?	62
If I can use all of Lightroom's controls on JPEG files, why would I want to shoot in my camera's raw file format?	62
If I shoot raw, can Lightroom understand the camera settings?	63
If I shoot sRAW format, can Lightroom apply all the usual adjustments?	64

THE IMPORT DIALOG **65**

What's the difference between the compact Import dialog and the expanded Import dialog and how do I switch?	66
What's the difference between 'Add,' 'Copy,' 'Move,' and 'Copy as DNG'?	66

SELECTING FOLDERS & FILES FOR IMPORT **67**

How do I import multiple folders in one go?	67
Is it possible to import from multiple card readers at the same time?	68
Why do the folders keep jumping around and what is Docking?	68
Can I use the operating system dialog to navigate to a folder instead of using Lightroom's Source panel?	69
Can I save favorite folders?	69
How do I select only certain photos to import?	69
How do I select photos from a specific date?	70
How do I select specific file types to import?	71

Why are some photos unavailable or dimmed in the Import dialog?	72
Can I see larger previews of the files before importing?	73
IMPORT OPTIONS	74
Why do I have to create previews? Why can't I just look at the photos?	74
What does 'Don't Import Suspected Duplicates' do?	74
What does the 'Make a Second Copy' option do?	75
What Develop settings, metadata and keywords should I apply in the Import dialog?	75
How do I apply different settings to different photos while importing?	77
RENAMING	77
How do I rename the files while importing?	77
What's the difference between Import#, Image#, Sequence# and Total#?	79
Can Lightroom continue my number sequence from my previous import?	80
How do I pad the numbers to get Img001.jpg instead of Img1.jpg?	80
Can I have more than 5 digit numbers?	81
DESTINATION FOLDERS	82
I've chosen 'Copy' or 'Move'—how do I organize the photos into a folder structure that will suit me?	82
Why are some of the Destination folders in italics?	83
How should I organize my photos on my hard drive?	84
Can I create a different dated folder structure automatically?	87
Can I leave Lightroom to manage my photos like iTunes moves my music files?	90
IMPORT PRESETS	90
How do I create Import presets, and what do they include?	90

PROPRIETARY RAW VS. DNG	91
Should I convert to DNG?	91
Do I lose quality when converting to DNG?	94
If I convert to DNG, can I convert back to the proprietary raw file format again?	95
Which preferences should I choose when converting to DNG?	95
How do I convert to DNG?	97
Should I convert other formats like JPEG or TIFF to DNG?	100
How do I update my embedded preview?	100
How do I change my embedded preview size?	100
Why do some files get bigger when converting to DNG?	101
I embedded the proprietary raw file—how do I extract it to use it?	101
I embedded the proprietary raw file—is there any way to remove it?	101
OTHER IMPORT QUESTIONS	102
How do I import my existing photos into Lightroom?	102
Why does Lightroom load or open the Import dialog every time I insert a memory card or device?	103
I can't see thumbnails in the Import dialog, I just see grey squares. How do I fix it?	103
Can I set Lightroom to delete the photos from the memory card once they've uploaded?	104
What happens to the other files on a memory card, such as sound or video files?	105
Can I import CMYK photos into Lightroom?	105
It says: 'Some import operations were not performed. Could not copy a file to the requested location.'	105
It says: 'Some import operations were not performed. The file is too big.'	106

It says: 'Some import operations were not performed. The file is from a camera which isn't recognized by the raw format support in Lightroom.'	106
It says: 'Some import operations were not performed. The files use an unsupported color mode.'	107
It says: 'Some import operations were not performed. The files could not be read. Please reopen the file and save with 'Maximize Compatibility' preference enabled.'	107
It says: 'Some import operations were not performed. The file appears to be unsupported or damaged.'	108
Lightroom appears to be corrupting my photos—how do I stop it?	108
Why is Lightroom changing the colors of my photos?	109
I shot Raw+JPEG in camera—why have the JPEGs not imported?	110
TETHERED SHOOTING & WATCHED FOLDERS	111
Which cameras are supported by the built-in Tethered Capture?	111
How do I set Lightroom up to use Tethered Capture?	112
Crops can't be saved in presets, so how do I get it to apply a crop to my Tethered photos?	114
Can I convert to DNG while tethering?	114
How do I set Lightroom up to use a watched folder?	115
Workspace	117

WORKING WITH DIALOGS	138
Saving Presets in Pop-Up Menus	138
Renaming, Updating and Deleting Presets in Pop-Up Menus	138
Using Tokens in Dialogs	139
SECONDARY DISPLAY	139
Which views are available on the Secondary Display? How are they useful?	140
Why do shortcuts and menu commands only apply to a single photo even though I have multiple photos selected on the Secondary Display Grid?	141
Why does the Secondary Display switch from Grid to Loupe when I change the Main Screen to Grid?	142
What does 'Show Second Monitor Preview' do?	142

How do I move the Library Filter bar to the Secondary Display?	142
FREQUENT WORKSPACE QUESTIONS	143
My toolbar's disappeared—where's it gone?	143
How do I stop the panels opening every time I float near the edge of the screen?	143
Where have my panels gone?	143
Can I detach the panels and rearrange them?	143
Where have the Minimize, Maximize and Close Window buttons gone?	144
It's all gone black! How do I change the view back to normal?	144
I can see Badges in Grid view, but not in my Filmstrip. Where have they gone?	144
How do I turn off the overlay which says 'Loading...'?	144
Is it possible to see camera setting information while in Develop module, rather than constantly switching back to the Metadata panel?	145
Why is there an exclamation mark near the preview in the Develop Module?	145
How do I bring back the warning dialogs I've hidden?	146
Why won't Lightroom show a dialog, such as the Export dialog?	146
Library Module	147
FOLDERS	147
Can I change the way the folders are displayed?	148
When I look at a parent folder in Grid view, I see the photos in the subfolders as well. Can I turn it off so I can only see the contents of the selected folder?	149
I have a long list of folders—can I change it to show the folder hierarchy?	149
Why aren't 'Add Parent Folder' and 'Promote Subfolders' showing in my context-sensitive menu?	151

How do I expand or collapse all of a folder's subfolders in one go?	151
How do I find out where a photo is stored on my hard drive?	152
I've added new photos to one of Lightroom's folders—why don't they show in my catalog?	152
How does the Synchronize Folder command work?	152
COLLECTIONS	154
How are Collections different from Folders?	154
How do I organize my collections into collection sets?	155
How do I add photos to a collection?	156
What are the Quick Collection and Target Collection?	156
How do I see which collections a photo belongs to?	157
STACKING	158
How do I stack photos?	158
Why are the stacking menu options disabled?	158
How do I move a photo to the top of the stack?	158
How do I apply metadata to multiple photos in a stack?	159
I've placed retouched derivatives into the same folder as the originals and I'd like them stacked in pairs. Can I do it automatically?	159
When I create a virtual copy, it should automatically stack them, but it hasn't—why not?	160
RATING & LABELING	160
Which rating or labeling system should I use?	161
How do I apply ratings and labels quickly?	162
How do I use the Painter tool to quickly add metadata?	163

Adobe Lightroom 3 - The Missing FAQ

Is it possible to view flag/rating/color labels status when in other modules?	163
I've flagged my photos, but the flags disappear when I view these photos in another folder or collection—why?	164
I gave my photos stars or color labels in Lightroom—why can't I see them in Bridge?	164
I gave my photos different color labels in Lightroom—why are they all white in Bridge? Or I labeled my photos in Bridge—why isn't Lightroom showing my color labels?	164
Lightroom's not quick enough to sort through a large shoot—is there anything I can do to speed it up?	165
RENAMING, MOVING & DELETING	166
How do I rename one or more photos?	166
How do I move or copy photos between folders?	167
When I delete photos, am I deleting them only from Lightroom, or from the hard drive too?	168
Why can't I delete photos from the hard drive when I'm viewing a collection?	168
I'm deleting photos in Lightroom, set to send to Recycle Bin/Trash, so why isn't it deleting them?	169
I accidentally deleted my photos from my hard drive and I don't have backups! Can I create JPEGs from Lightroom's previews?	169
VIEWING & EDITING METADATA	170
How do I add metadata to multiple photos at once?	170
How do I create a Metadata preset?	171
How do I select which metadata to view in the Metadata panel?	172
Can I import and listen to my camera's audio annotations?	172
Why do some files say CR2+JPEG and some just say CR2?	173
Some of my lenses are listed twice in the Metadata filters, for example 24.0-105.0 mm and also as EF24-105 IS USM. Why?	173

KEYWORDING	173
How should I keyword my photos?	173
How do I change my long list of keywords into a hierarchy? Or change the existing hierarchy?	175
How many keywords can I have?	176
How can I keep certain keywords at the top of the list?	176
Is there a quick way of finding a particular keyword in my long list?	176
What do the symbols in the Keyword panels mean?	177
Is there an easier way to apply lots of keywords in one go, other than typing or dragging them all?	178
Why are there only 9 keywords in the Keywords panel?	179
I mistyped a keyword and now Lightroom keeps suggesting it—how do I clear the autofill?	179
Is it possible to display all of the photos in a catalog that aren't already keyworded?	180
I use multiple catalogs, but I'd like to keep my keyword list identical and current across all of the catalogs—is there an easy way?	180
How do I import my keywords from Bridge?	181
If I can import keywords from Bridge using a text file, does that mean I can create my keywords manually using a text file and then import them into Lightroom?	182
EDITING THE CAPTURE TIME	182
What do the different options in the Edit Capture Time dialog do?	183
The time on my camera was incorrect—how do I change it?	183
How do I sync the times on two or more cameras?	185
MANAGING VIDEOS	186
What can I do with my imported videos?	186

How I do change which program opens my videos?	186
SORTING, FILTERING & FINDING PHOTOS	187
How do I change my sort order?	187
Can I set a default sort order regardless of folder?	187
How do I sort my entire catalog from earliest to latest, regardless of their folders?	187
Why can't I drag and drop into a custom sort order or User Order?	188
Why does Lightroom add new photos to the end of the sort order when editing in Photoshop?	188
Why does my filter disappear when I switch folders?	189
What does the Filter Lock icon in the Filter bar do?	189
How do I filter my photos to show photos fitting certain criteria?	189
Can I save the filters I use regularly as presets?	191
How can I view all of the photos tagged with a specific keyword or keyword combination?	191
How do I filter my photos to show... just one flag/color label/rating?	191
Can I select all photos with a specific flag, color label or rating without changing the filtering?	192
How can I use the Text filters to do AND or OR filters?	192
How do I change the Metadata filter columns?	194
How do I select multiple options within the Metadata filter columns?	194
Can I combine Text filters, Attribute filters, and Metadata filters?	195
How do I search for a specific filename?	196
SMART COLLECTIONS	196
Why would I use smart collections instead of standard collections or filters?	196

How do I create smart collections?	197
How do I transfer smart collection criteria between catalogs?	198
QUICK DEVELOP	198
Why is the Quick Develop panel so useful?	199
Why am I missing some Quick Develop buttons?	199
Can I adjust any other sliders using Quick Develop?	200
MISSING FILES	200
Lightroom thinks my photos are missing—how do I fix it?	200
How do I prevent missing files?	201
Why does Lightroom keep changing my drive letters and losing my files?	202
Where has the Missing Files collection gone? How do I find all of the missing files in my catalog now?	202
I've renamed the files outside of Lightroom and now Lightroom thinks the photos are missing. Is it possible to recover them?	203
I've deleted some renamed photos. I do have backups but they have the original filenames, so Lightroom won't recognize them. Is it possible to relink them?	203
Working with Catalogs	205
MANAGING CATALOGS	205
How do I create a new catalog and switch between catalogs?	206
Why do I have a few different files for my catalog?	207
What does the catalog contain?	207
Is there a maximum number of photos that Lightroom can hold?	208

Is there a maximum number of photos before Lightroom's performance starts to degrade?	208
Is there a maximum image size that Lightroom can import?	209
Can I move or rename my catalog?	209
How do I set or change my default catalog?	209
How can I remove everything I've done and start again?	210
What general maintenance will keep my catalogs in good shape?	210
Why can't I open my catalog?	211
CATALOG CORRUPTION	212
How do catalogs become corrupted?	212
How can I keep my catalogs healthy and prevent corruption?	212
Lightroom says that my catalog is corrupted—can I fix it?	213
SINGLE OR MULTIPLE CATALOGS	215
Should I use one big catalog, or multiple smaller catalogs?	215
Can I search across multiple catalogs?	217
How do I set default Catalog Settings to use for all new catalogs?	217
I seem to have 2 catalogs. I only use 1, so can I delete the other?	218
How do I split my catalog into multiple smaller catalogs?	218
How do I merge multiple catalogs into one larger catalog?	219
How do I transfer photos between catalogs?	219
When I used ACR I only kept the XMP files archived—can't I just do that?	220
BACKUP	221
I run my own backup system—do I have to let Lightroom run backups too?	221

Does Lightroom back up the photos as well as the catalog?	222
How do I back up Lightroom?	222
I back up photos using the Import dialog—isn't that enough?	223
How often should I back up my catalog?	224
Where does Lightroom save the backups?	224
How do I change the backup location?	225
Should I turn on 'Test integrity' and 'Optimize catalog' each time I back up?	225
Can I delete the oldest backups?	225
Is it safe to have Time Machine back up the catalog?	226
I'm worried about keeping all changes in one catalog—are there any other options?	226
I haven't got time to back up now—can I postpone the backup?	226
Why does Lightroom say it's 'unable to backup'?	227
RESTORING BACKUPS	227
How do I restore a catalog backup?	228
How do I restore everything from backups?	228
If I'm restoring from backups, does the catalog or the XMP data take priority?	229
MOVING LIGHTROOM ON THE SAME COMPUTER	229
How do I move only my catalog to another hard drive, leaving the photos where they are?	230
How do I move only my photos to another hard drive, leaving the catalog where it is?	230
How do I move my catalog & photos to another hard drive?	231
MOVING LIGHTROOM TO A NEW COMPUTER	232
How do I move my catalog, photos and other Lightroom files to a new computer?	232

How do I move my catalog & photos from Windows to Mac or vice versa?	234
WORKING WITH MULTIPLE MACHINES	234
How does Export as Catalog work?	234
What are the limitations of offline files?	235
How does Import from Catalog work?	236
I need to work on my photos on my desktop and my laptop—what are my options?	237
How do I use a portable catalog with originals, for example, the whole catalog on an external drive with the photos?	238
How do I use a portable catalog without originals, for example, the whole catalog copied without the photos?	238
How do I upload and start editing on my laptop, and then transfer that back to the main catalog?	239
How do I export part of my catalog to another computer and then merge the changes back later?	239
How can I use my presets on both computers?	240
Can I synchronize two computers?	241
XMP	241
Why would I want settings written to XMP?	242
Which of Lightroom's data isn't stored in XMP?	242
Where are the XMP files for my JPEG/TIFF/PSD/DNG files?	242
How do I write settings to XMP?	243
Should I turn on 'Automatically write changes into XMP'?	243
What's the difference between 'Write Metadata to Files' and 'Update DNG Preview & Metadata'?	244
Should I check or uncheck 'Include Develop settings in metadata inside JPEG, TIFF, and PSD files'?	244

How do XMP files relate to the catalog?	245
Can I view the content of my XMP sidecar files?	245
XMP has been updated on another program or computer. Why don't the changes show in Lightroom?	246
Lightroom says it can't write to XMP—how do I fix it?	246
NETWORKING	247
Can I share my catalog with multiple users on the same machine?	247
Can one catalog be opened simultaneously by several workstations across a network?	247
Is it possible to have the catalog stored on a Network Accessible Storage unit (NAS) but open it on a single machine?	248
Is it possible to use XMP files to allow some degree of sharing across the network?	248
OFFLINE ARCHIVES	251
How do I archive photos to offline hard drives?	251
How do I archive photos to CD/DVD/Blu-Ray?	252
Previews & Speed	253
PREVIEWS	253
What's the difference between Minimal, Embedded & Sidecar, Standard and 1:1 previews?	253
What size and quality should I set for Standard-Sized Previews?	255
When I choose Render 1:1 Previews from the Library menu, does it apply to the entire catalog or just the selected photos?	255
The previews folder is huge—can I delete it?	256
If I delete a photo, is the preview deleted too?	256

I've discarded 1:1 previews—why hasn't the file/folder size shrunk?	256
Can I move the previews onto another drive?	257
PREVIEW PROBLEMS	257
Why do I just get grey boxes instead of previews?	257
Everything in Lightroom is a funny color, but the original photos look perfect in other programs, and the exported photos don't look like they do in Lightroom either. What could be wrong?	258
How do I change my monitor profile to check whether it's corrupted?	259
How should I calibrate my monitor?	260
The previews are slightly different between Library and Develop and Fit and 1:1 views—why is that?	260
My photos have imported incorrectly rotated and distorted—how do I fix it?	262
SPEED TIPS	263
How can I get Lightroom to import faster?	263
How can I speed up browsing in Library module?	263
How can I speed up moving files between folders?	264
It's taking forever to delete photos—should it really take this long?	265
How can I speed up browsing in Develop module? And what are these Cache*.dat files?	265
Are there any other Lightroom tweaks to make it run faster?	268
Are there any hardware or operating system tweaks to make Lightroom faster?	268

Develop Module **271**

RAW FILE RENDERING **271**

Why do my raw photos change color? When the first preview appears, it looks just like it did on the camera—how do I stop it changing? 272

I set my camera to black & white. Why is Lightroom changing them back to color? 273

How do other programs like iView, PhotoMechanic, Apple's Preview, Windows Explorer, Breezebrower, etc., get it right? 273

There are some hot pixels on my sensor in other programs, but I can't see them in Lightroom. Where have they gone? 274

PROCESS VERSIONS **274**

Which settings are affected by the Process Version? 275

Which Process Version should I use? 275

How do I switch between PV2003 and PV2010? 275

Why are my new imports set to Process Version 2003? 276

WHITE BALANCE **276**

Where should I be clicking with the White Balance Eyedropper? 277

The White Balance Eyedropper disappears every time I click anything—how do I keep it turned on? 277

Why don't the Temp and Tint sliders have the proper white balance scale when I'm working on JPEGs? 278

Where have the other White Balance presets gone, such as Cloudy and Flash? 278

Why is Lightroom showing different Kelvin values than I set in my camera custom white balance? 278

Can I change the eyedropper averaging? 279

How do I adjust for an extreme white balance, under 2000k or over 5000k? 279

BASIC ADJUSTMENTS	279
What's the difference between Exposure and Brightness?	280
Why does the Recovery slider add a colored tint?	281
Fill Light creates halos and drops the contrast too far—is there an easy solution?	281
What does the Clarity slider do?	282
What's the difference between Vibrance and Saturation?	283
WORKING WITH SLIDERS & TARGETED ADJUSTMENT TOOL	283
The slider movements are too coarse—how can I adjust them?	283
How do I apply Auto settings to individual sliders?	284
Does it matter in which order I apply sliders?	286
How do I use the TAT, or Targeted Adjustment tool?	286
TONE CURVES	287
How do I use the standard Parametric Tone Curve?	287
What do the three triangular sliders docked at the base of the Tone Curve do?	287
How do I use the Point Curve?	288
Where have the Tone Curve sliders gone?	288
HSL, COLOR, B&W & SPLIT TONING	288
What is the HSL panel used for?	289
What's the difference between the HSL and Color panels?	290
How do I create a Black & White photo?	290
How do I use the Split Tone panel?	290
How do I create a Sepia photo?	291

ADJUSTING MULTIPLE PHOTOS	291
How do I copy or synchronize my settings with other photos?	291
Why won't my white balance sync?	294
What does 'Match Total Exposure' in the Settings menu do?	294
Can I make relative adjustments, for example, brighten all selected photos by 1 stop?	295
BEFORE / AFTER VIEWS	295
Can I see a Before / After preview?	295
Can I change the 'Before' state to something other than the Import state?	295
Can I turn off the effect of a whole panel's settings, to see the preview with and without those settings?	296
HISTOGRAM & RGB VALUES	296
Is it possible to see clipping warnings? Or, why are there red and blue areas on my photos?	298
Why does the Histogram look different when I open the exported sRGB photo in Photoshop? Why are my highlights clipping in Photoshop but not in Lightroom?	298
Can I view RGB values using a normal 0-255 scale?	300
PRESETS	300
Where can I download Develop presets?	300
How do I install Develop presets?	301
How do I preview and apply presets to my photos?	301
How do I create my own Develop Presets?	302
How can I organize my presets into folders or groups?	303
How do I rename Develop presets?	303
How do I remove the default Develop presets?	303

How do I uninstall Develop presets?	304
Where have my presets gone?	304
Can I apply multiple presets to the same photo, layering the effects?	305
I have some Develop presets that I use in ACR in CS4—can I use them in Lightroom?	305
Why do my presets look wrong when used on JPEG/TIFF/PSD files, even though they work on raw files?	305
Is there a way to add a keyboard shortcut to a preset?	306
DEFAULTS	306
Why would I change the default settings instead of using a preset?	306
How do I change the default settings?	307
Why would I want different defaults for each ISO and serial number combination?	308
Why don't all of the sliders default to 0?	308
What settings should I use as the defaults?	308
SNAPSHOTS & VIRTUAL COPIES	308
Why would I want to use virtual copies?	309
When would I use a snapshot instead of a virtual copy?	310
Can I rename virtual copies?	310
Can I turn virtual copies into snapshots and vice versa?	311
Can I swap virtual copies for masters and vice versa?	311
What do Sync Copies and Sync Snapshots do?	312
HISTORY & RESET	312
How do I reset a single slider or panel section to its default setting?	312
How do I reset photos back to their default settings?	313

If I don't like the last adjustment I made, can I just undo that step, rather than resetting everything?	313
How long do the adjustments stay in the History panel?	314
DETAIL—SHARPENING & NOISE REDUCTION	314
Why are my pictures softer and noisier than other programs?	314
What is multiple pass sharpening?	314
How do the sharpening sliders interact?	315
Can I apply or remove sharpening selectively?	316
How do I use the different Noise Reduction sliders?	317
I've turned sharpening and noise reduction right up to the maximum, but it doesn't seem to be doing anything—why not?	318
Why is the Noise Reduction sometimes visible in Fit View and other times only visible in 1:1?	318
LENS CORRECTIONS	319
How do I apply lens corrections to my photo?	319
Why is the lens profile not selected automatically?	319
How do I set a default lens profile?	320
In the Setup pop-up menu, what's the difference between Default, Auto & Custom?	320
How do the Amount sliders interact with the profile?	321
Can I use the profiled lens corrections to correct the chromatic aberrations without removing the distortion?	321
Why have the lens corrections created new chromatic aberration and vignetting instead of fixing it?	321
Can I correct multiple photos in one go?	321
Can I turn on the lens corrections by default?	321

What are my options if my lens profile isn't available?	322
What do the Manual Lens Corrections sliders do?	322
How is the Rotate slider different from Straighten in the Crop options?	323
How is the Scale slider different to cropping?	324
What does the 'Constrain Crop' checkbox do?	324
Why doesn't the Lens Correction Vignette adjust to the Crop boundaries?	324
How do I fix Chromatic Aberration?	325
Can I save Manual lens corrections as defaults for lenses?	325
When in my workflow should I apply lens corrections?	325
How do I turn off the grid overlay?	326
How do I create a Lens Profile using the Lens Profile Creator?	326
Does it matter which camera body is used when creating a lens profile?	326
EFFECTS—POST-CROP VIGNETTE & GRAIN	327
What's the difference between Highlight Priority, Color Priority and Paint Overlay?	327
How do the Post-Crop Vignette sliders interact?	328
How do the Grain sliders interact?	328
Why does my grain not always look exactly the same in the exported file as in the Develop preview?	328
CALIBRATION PROFILES & STYLES	329
How do I install and use the profiles?	329
Which are the profiles for my camera?	329
Why does my Nikon D300 have D2X profiles?	330
Why does the profile pop-up menu just say 'Embedded'?	330

Why do I only have Matrix listed?	330
The ACR version number in the Calibration section is an old version—how do I update it?	330
DNG PROFILE EDITOR	330
Why is the DNG Profile Editor better than the Calibration sliders?	331
Can I use the profiles on proprietary raw files, not just DNG?	331
Why doesn't it use ICC profiles?	331
Where do I download the DNG Profile Editor?	333
How do I use the DNG Profile Editor? It looks complicated!	333
Is there a simpler way of creating a DNG Profile for my camera?	335
CROPPING	336
Why does the crop go in the wrong direction when I try and move the grid around?	336
How do I crop a vertical portion from a horizontal photo?	337
Can I zoom while cropping?	337
How can I change the default crop ratio?	337
How do I set a custom crop aspect ratio?	338
How do I delete a custom crop aspect ratio?	338
How do I set my crop grid back to thirds or bring the Crop Overlay back when it goes missing?	338
Is it possible to change the Crop Overlay color?	338
How do I straighten or rotate a photo?	339
Can a crop be saved in a preset?	340
Is there a way to see what the new pixel dimensions will be without interpolation?	340

SPOT REMOVAL—CLONE & HEAL TOOLS	340
How do I retouch a spot?	341
How do I adjust the brush size or the size of an existing spot?	341
How do I adjust the opacity of an existing spot?	342
How do I move or delete an existing spot?	342
Can I copy or synchronize the clone/heal spots?	342
RED EYE REDUCTION TOOL	342
How do I work the Red Eye Reduction tool?	343
Lightroom's Red Eye Reduction tool can't lock on to the red eye—is there anything I can do to help it?	343
Why doesn't the Red Eye Reduction tool work properly on my dog's red eye?	343
LOCAL ADJUSTMENTS—GRADUATED FILTER & ADJUSTMENT BRUSH	343
Why would I use the Graduated Filter & Adjustment Brush rather than editing a photo in Photoshop?	344
How do I create a new brush mask?	345
What do Size and Feather do?	345
What's the difference between Flow & Density?	346
Is the Adjustment Brush pressure sensitive when used with a graphics pen tablet?	347
What does Auto Mask do?	347
Why are there speckles in the brushed area?	347
How can I tell if I'm applying a color tint when using the Adjustment Brush?	347
Can I select a color tint from the photo itself?	347
Can I brush on a lens blur effect?	348

If I apply sharpening using the Adjustment Brush, where do I adjust the Radius, Detail and Masking?	348
Where have my mask pins gone?	349
How can I tell whether I'm creating a new mask or editing an existing mask?	349
How do I reselect and edit an existing mask?	349
How do I create a new gradient mask?	350
How do I adjust an existing gradient?	350
How do I show the mask I've created?	350
Can I change the color of the mask overlay?	351
How do I fade the effect of an existing mask?	351
Can I layer the effect of multiple masks?	351
Can I invert the mask?	352
Can I synchronize my settings with other photos?	352
Can I save my Adjustment Brush strokes in a preset?	352

Editing in Other Programs **353**

EDITING IN OTHER PROGRAMS	353
How do I change my Edit in... file settings?	353
In the Edit in... options, should I choose TIFF or PSD?	354
Can I have more than two External Editors?	354
How do I get Lightroom to use a different version of Photoshop?	355
Lightroom can't find Photoshop to use Edit in Photoshop—how do I fix it?	356
Can I open the raw file into another raw processor?	356

Adobe Lightroom 3 - The Missing FAQ

Why isn't Lightroom creating a TIFF or PSD file according to my preferences?	357
How do I open my layered file back into Photoshop without flattening it?	357
What's the difference between 'Edit Original,' 'Edit a Copy,' or 'Edit a Copy with Lightroom Adjustments'?	358
What do the other options in the Edit in... menu do?	358

ADOBE CAMERA RAW COMPATIBILITY FOR PHOTOSHOP **359**

How do I check which Lightroom and ACR versions I have installed?	360
Which ACR version do I need for the settings to be fully compatible?	360
What happens if I'm still using an older version of ACR and Photoshop?	361
What's the difference between 'Render Using Lightroom' and 'Open Anyway' in the ACR mismatch dialog?	362
Can I open a raw file directly into the ACR dialog?	363
Rendered Files (JPEG/TIFF/PSD)	364
Raw Files	365
If I use ACR to convert, having created XMP files, will the result be identical to Lightroom?	366
I'd prefer to let Bridge run the conversion to JPEG using Image Processor to run an action. Is it possible?	366
Why is Bridge not seeing the raw adjustments I've made in Lightroom?	366

Export **367**

EXPORT LOCATIONS & FILE NAMING **367**

Can I set Lightroom to automatically export back to the same folder as the original?	367
Can I set Lightroom to automatically re-import the exported files?	368
Why is the 'Add to Stack' checkbox unavailable?	369

Can I set Lightroom to overwrite the original when exporting?	369
Can I stop Lightroom asking me what to do when it finds an existing file with the same name?	369
How do I burn the exported files to CD or DVD?	369
How do I change the filename while exporting?	370
FILE SETTINGS	370
What's the equivalent of JPEG quality...?	371
How do I set Lightroom to a JPEG level 0-12 so that Photoshop doesn't ask me every time I save?	371
If a photo is imported as a JPEG, and it's not edited in any way, is what I am exporting identical to what I imported?	371
Why won't Photoshop allow me to save my Lightroom file as a JPEG?	372
Should I choose 8-bit or 16-bit?	372
I am a high volume photographer (weddings, etc.)—do I have to convert to PSD or TIFF for light retouching, or can I use JPEG?	374
COLOR SPACE	375
Which color space should I use?	376
Why do my photos look different in Photoshop?	377
Why do my photographs look different in Windows Explorer or on the Web?	380
Can I export with a custom ICC profile?	381
SIZING & RESOLUTION	381
What's the difference between Width & Height, Dimensions, Longest Edge & Shortest Edge?	382
When I enter 4x6 as my output size, why do the vertical photos become 4x6 but the horizontal photos become 2.5x4?	383
What does the 'Don't Enlarge' checkbox do?	384

What PPI setting should I enter in the Export dialog?	384
I set the export PPI to 300—why is it 72ppi when I open it in Photoshop?	386
When I crop to 8x10 in Lightroom and then open in Photoshop, why is it not 8"x10"?	386
Is it better to upsize in Lightroom or in Photoshop?	387
Can I export to a specific file size?	387
OUTPUT SHARPENING	388
Why does the Export Sharpening only have a few options? How can I control it?	388
Which Export Sharpening setting applies more sharpening—screen, matte or glossy?	388
COPYRIGHT & WATERMARKING	389
How do I create a basic watermark?	389
Are the watermarks intelligent for vertical and horizontal images?	390
Which file formats can I use for the graphical watermark?	391
Can I overwrite an existing watermark?	392
What is 'Simple Copyright Watermark' in the watermark menu?	392
Where can I use my watermarks?	393
How do I change the watermark placement for each photo?	393
Can I create more complex watermarks, such as text and a graphic?	393
POST-PROCESSING ACTIONS & DROPLETS	394
How do I get Lightroom to attach the exported files to an email?	394
Can I run a Photoshop action from Lightroom?	395
The droplet runs, but it doesn't save—what have I done wrong?	397
The droplet runs, but it keeps asking what JPEG compression to use—what have I done wrong?	397

The droplet doesn't run at all—why not?	397
The droplet only works on some of the photos and then stops—what's wrong?	398
In my droplet I used a 'Save for Web' instead of a standard 'Save As'—why won't it overwrite the original file?	398

PLUG-INS **399**

What plug-ins are currently available?	399
How do I install Export plug-ins?	400
Where should I store my plug-ins?	401
Why can't I remove this Export plug-in?	401
How do I use Export plug-ins?	402
Can I export directly to an FTP server?	403

OTHER EXPORT QUESTIONS & TROUBLESHOOTING **403**

Can I save my Export settings as a preset?	403
Do I have to use the Export dialog every time I export?	404
Can I strip the metadata from my files, like Save for Web in Photoshop?	404
Why can't CS2 save as JPEG when I've used Local Adjustments on the photo?	404
It gives an error message—'Some export operations were not performed. The file could not be written.' or 'The file could not be found.' What went wrong?	406
The files appear in the export folder and then disappear again. Why is Lightroom deleting them?	406

Publish Services **407**

SETTING UP YOUR PUBLISH SERVICES **407**

Why is Flickr the only website? Where's my favorite photo sharing website?	407
--	-----

What can I use the Hard Drive option for?	408
How do I set up my Publish Services accounts?	408
Can I choose the size of the photos to upload?	410
How do I prevent it uploading a particular version of a photo?	411
How do I control which keywords are visible on my published photos?	411
Which settings should I use for Privacy & Safety?	411
CREATING COLLECTIONS & PHOTOSETS	412
Can I divide my photos into different sets?	412
How do I add photos into a photoset that already exists on Flickr?	412
I didn't mean to remove a photo from a photoset—how do I restore it?	413
SYNCHRONIZING CHANGES	413
How do I publish to Flickr or my hard drive?	413
Does it automatically publish changes I make to my photos?	413
How do I update Flickr or my hard drive with the changes I've made to my photos?	414
How do I remove photos from my Lightroom catalog without removing them from Flickr?	414
I deleted a photo on the Flickr web interface—how do I upload it again?	415
What happens if I rename a photo and then republish it?	415
Can I use Export as Catalog to transfer my Publish collections between catalogs?	415
FLICKR ACCOUNT QUESTIONS	415
What are the limitations of the Free vs. Pro Flickr accounts?	415
How do I upgrade Lightroom to a Pro account?	416
Can I have more than one Flickr account connected to my catalog?	416

Can I have the same Flickr account connected to multiple catalogs?	416
How do I disconnect Lightroom from my Flickr account?	417
I accidentally revoked the authorization on Flickr's website—how do I fix it?	417
PUBLISH SERVICES TROUBLESHOOTING	417
Why is the new Comments panel unavailable?	417
Why is there a question mark on my Flickr service?	418
What does 'Flickr API returned an error message (function upload, message Not a Pro Account)' mean?	418
Slideshow Module	419
STYLES & SETTINGS	419
How do I create my first slideshow?	419
How do I add my Identity Plate to my slideshow?	420
How do I adjust the anchor point?	421
How do I add captions to the slides?	421
How do I change the font on my text overlays?	422
How do I remove the quotation marks when a caption is blank?	422
How do I change the background?	423
What does 'Zoom to Fill Frame' do?	423
Can I add Intro and Ending slides?	424
Can I advance the slides manually, but still have them fade from one to the next?	424
Can I rate photos while a slideshow is running?	424
How do I make the slideshow display on my second screen?	425

MUSIC **425**

- How do I select or change the music track? 425
- Which music formats can Lightroom play? 425
- How do I adjust the slide timings to fit the length of the music track? 425
- Why can't Lightroom find my iTunes playlists? 426
- How do I play multiple different music tracks during my slideshow? 426

SAVING & EXPORTING SLIDESHOWS **426**

- Can I save my settings for a specific slideshow? 427
- How do I save my settings as a template for use on other photos? 427
- Can I export my slideshow to run in a DVD player? 428
- Can I export my slideshow for viewing on the web? 428
- Can I export the slideshow with the music? 428
- Where has the 'Export to JPEG' option gone? 428
- I exported to PDF, but it doesn't automatically start the slideshow when I open the PDF. Why not? 429
- Which movie size option should I choose? 429

ERRORS **430**

- Why does it stall part way through the slideshow or go much slower than the times I'd chosen? 430
- Everything appears to be running correctly, then the screen just goes plain grey or black when I try to running the slideshow. Why? 430
- Why is my noise reduction and sharpening not applied to my slideshow? 430

Print Module **431**

LAYING OUT YOUR PHOTOS **431**

- How do I set up a single borderless print, for example, a 4x6 snapshot? 431
- How do I change the page size? 432
- How do I create a contact sheet? 432
- How can I change the order of contact sheet photos? 433
- How do I use Picture Package? 433
- What does the exclamation mark in the top right corner mean? 434
- How do I create a Custom Package? 434
- What's a pinned or anchored cell? 434
- How do I replace a photo in an existing cell? 434
- How do I see the cell size? 435
- How can I stop the photos being cropped by the cells? 435
- How do I rotate a photo within a cell? 435
- How do I move a photo within a cell? 435
- How do I scroll through custom package pages? 436
- Can I use the Print module to design albums and books? 436

STYLES & SETTINGS **437**

- How do I add the filename and watermark to my contact sheet? 437
- Is it possible to personalize my print by changing the background color? 438
- How can I overlay a graphic such as a border onto my print? 438
- With 1 photo on a sheet, I can place the Identity Plate anywhere on the photo. Is that possible for multiple photos? 439

I have the Rulers and Grid checked in the Rulers, Grid & Guides panel—why can't I see them? 440

How can I save my Print settings for later? 440

PRINTING 441

Why do Page Setup, Print Settings and Print buttons show the same dialog? 441

Which Print Sharpening option do I choose? 441

When should I turn on 16-bit printing? 442

What is 'Draft Mode Printing'? 442

How do I set up my printer to match the preview I see on screen? 442

Why do Lightroom's prints not match the preview on screen? 444

How do I print to a file such as a JPEG to send to my lab? 444

How do I get Lightroom to see my custom printer profile? 445

Why does my custom ICC printer profile not show in Lightroom's list of profiles? 446

Web Module 447

STYLES & SETTINGS 447

How do I create my first web gallery? 447

How can I change a web gallery I've already created? 448

How do I save my settings as a template for use on other photos? 449

The default flash gallery appears to be capped at 500 photos—how do I increase the number of photos it can hold? 449

Is it possible to add music to the galleries? 451

Why do my galleries show stray white pixels on some photos? 451

ADDITIONAL GALLERIES **451**

- Where can I download additional web galleries? 451
- Are there any web galleries with download links or an integrated shopping cart such as PayPal? 452
- How do I install new web galleries? 452
- When using some third party galleries, the panels are clipped—can they be resized? 453

EXPORTING & UPLOADING **453**

- How do I upload my gallery? 453
- Why doesn't the FTP upload work—it says 'Remote Disc Error'? 455
- Why are my FTP settings not saved in the templates? 455
- Can I have multiple galleries on my website? 455
- Is it possible to embed a web gallery into an existing website or webpage? 456
- I changed an existing gallery—why hasn't it changed on the website? 456

Troubleshooting & Useful Information **457**

TROUBLESHOOTING STEPS **457**

- I have a problem with Lightroom—are there any troubleshooting steps I can try? 457
- How do I delete the Preferences file? 459
- What is deleted when I delete my Preferences file? 459
- I installed Lightroom, but it says 'An error occurred while attempting to change modules'. How do I fix it? 459
- It says 'There was an error working with the photo' or there's an exclamation mark in the corner of the thumbnail and a small fuzzy preview. What's wrong? 460

PREFERENCES & SETTINGS	461

64-BIT	465
How do I install the 64-bit version?	465
Lightroom isn't certified for XP x64—does that mean it won't run?	466
My Mac version doesn't have an 'Open as 32-bit' checkbox. Why not?	466
How can I check whether I'm running the 32-bit or 64-bit version?	466
INITIAL INSTALLATION	467
Should I buy the download or the boxed version?	467
Do I have to install the 3.0 version from my CD before installing updates?	467
Why won't Lightroom 3 install on my Mac?	467
UPGRADING FROM LIGHTROOM 1, 2, OR VERSION 3 BETA	468
How do I upgrade Lightroom?	468

Do I have to install Lightroom 1 or 2 if I purchased an upgrade version?	468
If I install Lightroom 3, will it overwrite my current 1.x or 2.x version?	468
Which catalog versions will upgrade to 3.0?	468
How do I upgrade my catalog from version 2 to version 3?	469
If I upgrade, can I go back to version 2?	470
Do I have to upgrade a catalog before I can import it into version 3 using Import from Catalog?	470
What happens if I try to upgrade a catalog that I've already upgraded?	471
Can I delete my previous installations?	472
INSTALLING, UPDATING & DOWNGRADING	472
How do I check which update I'm currently running?	472
How do I find out whether my new camera is supported yet?	473
How do I update Lightroom with the latest version of ACR?	473
How do I update to a newer Lightroom dot release?	473
How do I downgrade to an earlier Lightroom dot release in the case of problems?	473
LANGUAGES	474
How do I switch language?	474
Some of the shortcuts don't work with my language version or non-English keyboard—can I fix it?	475
LICENSING INFORMATION	476
I'm switching from PC to Mac—how do I switch my Lightroom license?	476
How many machines can I install Lightroom on?	477
How do I deactivate Lightroom to move it to another machine?	477

FINAL WORDS... **478**

Where else can I go to find solutions to my problems that aren't covered here? 478

I've got a great idea, or I've found a repeatable bug—how do I tell Adobe? 478
