1.8MB

200 pictures, mostly unedited. Some iPhone photos that aren't in Lightroom 4 Catalog-2, so merge.

Some duplicates - delete the unedited ones before merging, then add back later if need.

Pictures/Lightroom/Lightroom 4 Catalog.lrcat

Modified 1/6/13

960MB

35,000 photos, many edited

Hasn't been modified since -2 upgrade version created, so can be excluded.

Pictures/Lightroom/Lightroom 4 Catalog-2.lrcat

Created 9/6/13

Modified Today 8:15

1.5GB

50,000 photos, many edited.

Appears to be main working catalog. Has most edits/keywords etc. as expected but missing animal photos.

Few missing photos fixed, otherwise in good shape.

Pictures/Lightroom/Canada/Canada Trip.lrcat

Created 3/4/16

Modified 21/4/16

500MB

2,000 photos, many keyworded but not edited.

Check main catalog to see if these photos are imported and have keywords. If so, exclude. If not, merge.

Some photos in Lightroom 4 Catalog-2, with Develop settings but no keywords. When merging, allow it to create VC's and then use plug-in to copy metadata later.

STB Drive/Lightroom Catalogs/Animals.lrcat

Created 20/4/15

Modified last Tuesday

700MB

4,000 photos, many edited

These photos don't seem to be in any other catalog so will need merging.

Just a straight merge. No missing photos or known duplicates.

STB Drive/Lightroom Catalogs/Canada Trip.lrcat

Created 3/4/16

Modified 15/4/16

300MB

1,500 photos, only a few keyworded

The other Canada Trip catalog (modified a week later) is a more recent version of this catalog so this one can be excluded.
